MAILINGS SENT BY THE

MILWAUKEE RADIO AMATEURS' CLUB TO ITS MEMBERS
BY THE SECRETARY, OFFICERS OR CHAIRMEN

Compiled by

Vernon L. Fabishak, W9HDH Secretary, M.R.A.C., Inc.

Each month for the past few months a DX Bulletin has been printed and mailed to club members interested in obtaining a DXCC certificate. This one is a regular club mailing in the hopes that you will be better informed as to what is going on in the DX bands. 20 meters has been wide open for the month of May - early morn and late at nite. BVIUS (Formosa) is a good catch and on each morn at 6 a.m. 14,250, call from 14,225. Go get'em. "HVL" from the Vatican, may be on June 7, 8, and 9? W.G.D.C. reports: Let out a yell if you hear him'

#### MILWAUKEE RADIO AMATEURS! CLUB CONTEST

15 METER CONTEST - FONE - CW

WEDNESDAY NIGHT - 1 HOUR - JUNE 15, 1955 - 10:00 to 11:00 P.M.

On May 25, we had a test to determine how many stations would get on 21 mc. It looks like a good band for local contests.

First place award for high scoring fixed stations.

First place award for high scoring mobile station.

First place award for high-scoring novices.

First place award for the SWL who logs the most contest stations.

Movices are permitted CW operation on 15 meters, fone to CW is OK.

Logs must be postmarked by June 20, and winners will be announced in the next contest mail.

During contest call "CQ MRAC."

3

Work all Milwaukee County stations or club members outside of Milwaukee County.

If you want to see a successful contest, then mention it on the air a few days ahead of time and stir up a lot of activity,

Your message must be complete and accurate to count for a point. Please send all logs to W9FDX, 5776 North 24 Street, so we can verify the winners.

The Board of Directors has authorized a subscription to the West Gulf DX Bulletin. This is the most up-to-date DX Bulletin in the country. These Bulletins will be available at each club meeting during the coming year for your analysis.

YUlGM (Yank in Yugoslavia, Bob Thompson) said he served in the navy with W9ANA. Bob may be transferred soon. He is with the U.S. Embassy.

KJ6FAA, Jack, a Milwaukee boy on Johnston Island, just got his license and is looking for a fone patch to his wife in Milwaukee.

ZD4BT, 14,139, Sid, told W9GPI that he usually listens around 14,275, comes on around 1740 and spends about a half hour on the air.

All our reports have been on 20 meters, does anyone work DX on 10-15-10-80?

20 meters has been opening up for Asia quite often at odd hours.

W9VOD is turning up the wick, 1KW now!

W9UDK is building a 20-40 dual beam.

Anyone working or hearing any DX, please report it to me by July 31, for the August Bulletin

#### June 25 - 26 -- FIELD DAY -- VIRMOND PARK

This event was very successful, WX excellent, and the XYL's from our auxilliary did a very gud job of supplying food! A special thanks to the two boys, Geo. Zurbuchen W9UDK, and Bruce Keymar W9VOD, who brought out their complete stations. Gordon Fedder W9YFW, and Larry Zentgraf supplied the tents. Numerous other people supplied the manpower.

We entered a 2-trans class, 80cw 277 contacts, 40cw 150 contacts, 40 fone 1, 20cw 59, 20F 1, 15F 1, total contacts -- 489, giving us 4626 points.

#### MARRIED MEN VS SINGLE BOYS

July 31, we will be looking for you at the club picnic. Join us in the Annual Contest of the year --- The Baseball Game.

Dear Member.

The following are your officers, board members and committee chairmen for the '55-\*56 season:

#### Board of Directors:

Fred Zolin, 'W90NY...chairman Al Belanger; W9MDG Will Herzog, W9LSK Ed Bucholz; W9VBZ Doug Pavek, W9FDX Frank Seboth; W9NLY Doc' Waldman, W9RXS

#### Committeemen:

#### \* \* \* \* \* \*

Each extends his sincerest welcome and looks forward to your cooperation this season.

A fine slate of activities is planned. However, to make these Affairs successful, YOUR ideas, suggestions, comments and criticisms are needed. Let YOURSELF be present, your thoughts known, and Y O U R interest high. Your club will only be what you want it to be.

#### ਤਵ ਤਵ ਤਵ ਤਵ ਤਵ ਤਵ ਤਵ

WE HAVE A NEW MEETING PLACE The Lutheran Center, 1113 West State Street. Ample parking on adjecent streets. Come and see it, you'll like it. Next meeting September 8th, 1955 As you probably noted by the pictures in the papers, the CLUB has sold its truck and trailer to the Milwaukee CD organization. The primary reason for its sale was the club's inability to continue to meet the high insurance costs on it; Costs had been somewhere in the neighborhood of \$ 300 a year. It is expected that those hams who are members of the Milwaukee CD organization may eventually be called to assist in the operation of this truck?

#### \* \* \* \* \* \*

The following are short items of interest which will be followed by letters/cards later, explaining each more fully. These announcements will be written then by the officer or chairman concerned:

Code Practice Class. Al Belanger, W9MDG, will conduct code classes preceding our meetings from 7 PM to 8 PM..... so let the newcomens and newcoes know,

It is TENTATIVELY planned to serve coffee and donuts following our regular meetings.

Ken Eggert, W9MOT, announces that the September & 15th meeting will be devoted to a lecture and demonstration by a HALLICRAFTER representative on their new SSB rig. Letter on this to follow:

Ray Peschek, W9LJU, announces a new membership drive.

Awards to be given. More info in another letter.

Doug Pavek, W9FDX, and Ed Bucholz, W9VBZ, will regularly make available at our meetings DX News from the West Gulf DE Bulletin to which the club has subscribed.

Attendance prizes planned to be given, More info later

It is hoped that we wan get the new foster out before Christmas....s o receiget your dues in. There will be approximately a mid-November deadline on this.

Your secretary would appreciate knowing if you move: Send your new address inorder that you will not miss any mailing. Again, if you have any suggestions or ideas on what may be included in this "letter", give me a buzz over the land line or at the meetings.

#### MRAC MEMBERSHIP DRIVE

Fellow Members:

Your Board of Directors are of the opinion that with the potential of prospective members residing in Milwaukee County, a greater effort should be put forth toward bringing these hams into the fold.

As an incentive, your Membership Committee is sponsoring a drive beginning with the first meeting, Thursday, September 8th, 1955, of the club season and continuing through Cotober 27th, 1955.

All classes of Membership will be acceptable and count one point for each member who joins as a result of your recommendation.

Worthwhile prizes will be awarded at the first meeting in November.

When you approach prospective members be sure and membion the benefits derived from membership such as:

Prestige in being a member in the Oldest Active Radio Amateurs: Club in the world.

Club is a non-stock, non-profit comporation.

Increased knowledge from technical talks and demonstrations.

Know your fellow hams better through social activities. Assistance in TVI problems.

- Discount for lues in ARRL.

Opportunity to win worthwhile pwards and prizes in contests and attendance drawings:

Code instruction and assistance in gaining a license.

Just to name a few, to get rolling and contact prospective members and former members, use your rig, write or telephone, but by all means get busy.

The enclosed membership blank will give you a start.

Plenty more blanks available at Club Meetings.

As an added incentive, each member who signs five or more new members during the Club Season ending in May 1956 will get a special award.

So let's get up a head of steam and sign up new nembers.

Good Luck & 75

Ray T. Poscher, 79130 Membership Commistee Chairman.

## THE MILWAUKEE RADIO AMATEUR'S CLUB, INC. PRESIDENT'S LETTER

Milwaukee, Wisconsin - August 31, 1955

Dear OM:

With this record warm summer and vacation time coming to an end, I wish to remind you that our regular meetings will be resumed September 8, 1955 and every Thursday night thereafter at a NEW meeting place.

## THE LUTHERAN CENTER 1113 West State Street

Board members viewing numerous locations, selected this place as best to meet our present needs. The room we have selected will seat 75 persons. If we have special speakers, etc., we have a choice of two larger halls. Facilities will also be available to hold a banquet, serve coffee and doughtnuts or other refreshments after any meeting, or to have a bowling party.

The attendance of directors at monthly meetings through the summer has been excellent. They have set up a good program for the coming year. It is their intentions to make the weekly meetings as interesting as possible and hope that the membership will see fit to increase their interest by attending the meetings more regularly. A good attendance is the only reward to the officers and directors for the time they have devoted to the club and amateur radio. Remember, suggestions will be welcome at all times.

Director Al Belanger, W9MDG, will conduct a code class every evening from 7:00 to 8:00 P.M. In addition, a course in radio fundamentals and a code class is being sponsored by the club for persons 16 years old and over at the LaFollette Branch of the Vocational School at 3239 N. 9th Street. Registration will begin September 12 and classes will start September 19, and held every Monday from 7:00 to 9:00 P.M. They will be taught by our member, Wm. H. Wing, W9EPO.

Our first meeting of the year will include among other things reports of the Field day and picnic given by Ed Bucholz, W9VBZ, and Ken Eggert, W9MOT, respective chairmen of these activities, and listings of coming events.

Secretary Vernon Fabishak, W9HDH, whose letter you will find enclosed, lists the various club committees for the year. Acquaint yourself with them and participate in one or more activities under their jurisdiction.

Last but not least is an announcement of a coming membership drive to last for the first 2 months. Ray Peschek, W9LJU, will send a letter with details, including a word of prizes to be awarded.

We'll be looking for you at our first meeting to help start the new season with a big turnout.

Remember, Thursday night, September 8, 1955 at 8:00 P.M. sharp.

Yours truly

Emil R. Felber, Jr. W9RH.

W9GIL, W9RKP, and W9FDX will attend the Midwest DXCC Meeting in Chicago on Sept. 17, this meeting is open only to the people who have 100 countries confirmed and hold a DXCC certificate issued by ARRL. To some of u close to the 100 mark, how abt making DXCC before Sept. '56, so u can attend the next meeting.

The West Gulf DX Bulletin will be brought down to the Club meeting each Thurnite for ur inspection.

#### ANNUAL M.R.A.C. BASEBALL CONTEST

At our Club Picnic the married men beat the single boys - 5-3 - in spite of "Give-Away" Buchholtz and his spectacular plays. Howie - W9RTZ held the single boys scoreless until the 8th, when they picked up 2 runs, then the : Barefooted Brookfield Pitcher (W9HIF) walked in one run.

Will - W9LSK - hopes to have more power in his line-up next year. Cliff-W900F was the ump and he came away without even a bump on the head.

Please keep me informed on ur DX doings so I can keep our members informed.

October 1st, 1955

Dear Member.

Program Chairman Ken Eggert, W9MOT, announces the following for our next meeting:

RADIO CONTROLLED TRICYCLE DEMONSTRATION

When: October 6th, 1955

Where: Lutheran Center

1113 West State Street

Time: 8 P.M.

This tricycle control equipment was designed and constructed by our member Bob Harkness, W9GZR, who is well known for his construction of radio-controlled equipment. Though Bob will not be there personally, due to another engagement, the demonstration will be put on by Chairman Gordon Fedder, W9YFW. With the long winter nights coming on, it would be profitable for those who plan construction of radio-controlled boats or planes or other devices to be present. See you there.

For the following week, Will Herzog, W9LSK, will put on a demonstration of TRANSISTORS AND THEIR NOVEL USES. This will be an especially interesting program, more to follow in a special mailing on this,

\* \* \* \* \*

President Felber; W9RH, reports that the new ROSTER is in preparation. Members, past : PRESENT... and F U T U R E are urged to pay their club dues, either at the meeting OR MAIL TO

Charles Dawson, Treasurer M.R.A.C. Tinc, 3418 N. Hubbard St., Milwaukee 12, Wisc.

(DON'T FORGET OUR MEMBERSHIP DRIVE: !!)

Membership Chairman Ray Peschek, W9LJU, reports that the membership drive is progressing satisfactorily and with another month to go, every effort should be made to contact prospective members and former members.

We have a new Contest Chairman. JOHN KOEHLER JR., W9DGB. John has tentatively planned a 20 meter FONE contest for the 14th. A special mailing will be sent if it is put on. Doug Pavek W9FDX resigned the chairmanship in order to put more time into the Color Slide Library of the M.R.A.C. Doug will continue to handle the Achievement Award Program.

Dxer Russ Burss, W9RKP, announces he will forward outgoing DX QSL cards to foreign QSL bureaus throughout the world. All that is necessary for anyone to participate is to mail your cards (outgoing!:) to W9RKP enclosing the equivalent of 3¢ in either postage or coin for each card enclosed. Your card will then go to the foreign DX Bureausby 1st Class mail and to U.S. Possessions via Air Mail, The idea is to save the individual ham some postage and a good deal of time in looking up addresses and addressing envelopes. A weekly mailing to DX Bureaus is planned.

From Member and M.R.A.C. Legal Counselor, Paul Leeb. W9TKY,

"... It has been a pleasure to be of service to the club, and the club can count on me as being its official attorney.....Any of the club members can also feel free to call on me at any time with reference to the answer of any question for which I will make no charge unless, of course, there is some detailed work to be done for which I will make a very reasonable charge."

New TVI Committee Chairman, Vern Fabishak, W9HDH. Former chairman Frank Seboth, W9NLY, has entered the active reserve and much of his time is taken up by reserve activities. Frank will continue as an assistant on the committee. Other members assisting on this committee are Al Belanger, W9MDG, and Jim Fischer W9LPF. More welcome!!

NEW MEMBER OF THE MRAC BOARD OF DIRECTORS

Please be informed that Gordon Fedder, W9YFW, was elected by the Board of Directors at the October 25 meeting to fulfill the vacant position of Director till the next election.

From Will Herzog's talk on Transistors, we gather that transistors are here to stay. They certainly offer all of us an excellent opportunity to build miniature at nominal costs. A few of their minor drawbacks are noise and temperature sensitivity, but with careful choice and design, these factors can be nearly eliminated. It should be reported that transistors have dropped considerably in price. One New York outfit selling them for \$1.25 apiece:

Fred Zolin's announcement on GE's new 6BY4, sub-miniature ceramic triode certainly caused many of us to wonder. Approximately half the size of a cigarette and capable of working into the UHF. Can be operated when heated externally:

Did you read Bell's ad about that new miniature silicon rectifier? Such current carrying capacity in the size of a pencil stub.

Joe Ellenbecker's report on Solar Powered Transmitter gives us a hint of what's coming. QRX; CLOUD COMING OVER!!

Motorola announced a solar/battery operated receiver in laboratory stage. Batteries to switch in when cloudy!

October SERVICE has a schematic of a completely transistor operated receiver on the frontcover. Maximum voltage is 13,511

George Ruger announces that the Fire and Police Commission of Milwaukee has openings for radio operators. Applicants must have 1st Class Radiotelephone and 2nd Class Radiotelegraph operators' licenses. Contact George by phone, Br 6-2400 or visit him, Room 209, Safety Building.

Pres. Felber has a Motorola 10 meter AM/FM transmitter/receiver, w/dynamotor, 6 volt system FOR SALE.

Last minute addition: Milwaukee Amateur Radio Emergency Corps meeting November 1st; 1955, 7:00 P.M. You are to bring your pack sets for testing. Meeting at 3724 W. Wisconsin Ave.

#### MILWAUKEE RADIO AMATEUR'S CLUB 10 METER PHONE CONTEST

#### FRIDAY NICHT, NOVEMBER 4, 10 TO 11 PM

Call "CQ HIAC" and exchange messages with any Milwaukee Radio Amateur Club member ... or Milwaukee County Hams.

All messages must be complete and accurate to count.

While this is essentially a phone contest, CW stations are eligible to participate. So switch on that EFO, fellas, and give a listen for that CW sig.

Contificates will be awarded to high scoring fixed stations, moriles and to the SVL who logs the most stations.

All logs must be in the mail by Midnight, November 9.

Please send your logs to WODCB, 3844 North 19th Place, so that we can verify the winners.

Winners will be announced at club meeting, November 17.

Don't forget the ARRL Sweepstakes, November 12 to 13 and 19 to 20.

In March of 1952, the Board of Directors authorized a committee to establish a system for awarding the ERVE KRIES MEMORIAL TROPHY. The purpose is to recognize the MRAC member, who by his operating activities, best represents our Club.

The member who accumulates the highest total in accordance with the enclosed score sheet will be awarded the trophy to be held in his possession for one year. First, second, and third place winners each receives an engraved key. The novice class, a separate trophy and engraved key for 1st, 2nd, and 3rd place winners.

Award year of 1955 closes on December 31, 1955 and entry blanks are to be postmarked by January 5, 1956, and mailed to W9FDX.

There are two additions to the score sheet, NOVICE ROUNDUP and WISCONSIN QSO PARTY, 1st-500 points, 2nd-400, 3rd-300.

Permanent ownership goes to the member who wins the ERVE KRIES TROPHY three years in succession.

A list of previous winners are as follows:

# Secretary's Newsletter January 1956

Fellow Member:

There is much to report so I will try to be as concise as possible.

MEETING ANNOUNCEMENT

Date: January 19, 1956 8 P.M.

Program Chairman Ken Eggert, W9MOT announces that two films on the general subject of ELECTRONICS will be shown.

Following the films there will be a technical questions and answers session.

Coffee and donuts to be served after meeting.

Novices and newcomers are invited to Code Practice which precedes our regular meetings at 7 P.M.

\* \* \* \* \* \* \* \* \* \* \* \*

On January 26, the Achievement Award Trophy will be awarded to the outstanding M.R.A.C. ham of the year. A special letter will be sent on this.

For next month's meetings we are tentatively scheduled to have Mike Ercolino from Telrex to lecture on his beams.

The OLD TIMERS NITE held at the Pabst Brewery December 29 was an outstanding success. There were 103 members and guests present.

President Emil Felber, W9RH read a special Letter of Honor honoring the M.R.A.C.'s OLDEST ACTIVE AMATEUR....

# CLARENCE N. CRAPO , W9VD

Our Honored Member started Ham radio at Brockton, Mass. operating a spark transmitter from 1911 through 1917.

After World War I he helped reorganize the Milwaukee Club and was its first Vice President. He held office of President from 1931-32 and 1940-41. He has been a continuous member of ARRL since 1919. HE HAS BEEN OPERATING A HAM STATION FOR OVER 44 years AND STILL IS ACTIVE ON THE AIR TODAY.

A congratulatory from the League and F. E. Handy, WIBDI - ras also read and presented and given to Clarence.

Membership Chairman Ray Peschek, W9LJU reports that our Drive was very successful, adding close to 40 new members. Don't let up, fellows: I The more, the better.

Attendance at our meetings has been excellent. We have averaged 62 members per meeting.

\* \* \* \* \* \* \* \*

It is no longer a rumor, fellows: The FCC was in town.

I've heard they interviewed a few of the local hams: Perhaps such visits can do much to promote more ethical conduct among few of the local hams who apparantly feel that their amateur limense gives them permission to commit license or is it licence. It has been repeatedly announced at our meetings that we be very careful in the use of our priviliges. It has been most disconcerting to hear young SWLs comment on the fun hams have on the air. More so when they tell me some things that better belong in a "smoker" than said over the air. If we don't watch ourselves we may end up like the Australian hams who may only discuss technical matters over the air::: Enough said???

\*\* \*\* \*\* \*\* \*\* \*\*\*\*

In regard to the last matter again, why not use some of the VHF bands, 6 and 2, where your high power can do some good? It is known that there is considerable pressure on FCC by commercial interest for these bands. Occupy them and you'll be helping two ways....keeping your conversation from SWLs and helping to preserve our frequencies through their usage.

Fellow Member,

Our next meeting should prove most interesting. Our Technical Chairman Al Belanger W9MDG has arranged for us to see a colored film on ...

# MANUFACTURING AND OPERATING OF CRYSTALS

by Bell Telephone Labs.

Date: February 9th, 1956

Time: 8 P.M.

Place: LUTHERAN CENTER

Contest Chairman John Koehler W9DGB passes along the reminder to you of the 22nd Annual ARRL DX Contest. If you are participating, please note your MRAC affiliation on the entry. Consult QST for exact dates and rules.

In addition, the Novice Roundup will be in progress by the time you reach this letter. This will certainly offer many of us an excellent oportunity to assist the younger fellows improve their operating techniques. The NR is from February 4th to the 19th.

At our last meeting Membership Chairman Ray Peschek W9LJU reported that we have added over 50 new members to the CLUB. To be added to your Roster:

Loren F. Ashwood, W9PQA 2507 East Stratford Court Milwaukee 11, Wisconsin

Harvey J. Donabar, Jr. 2046 North 55th St. Milwaukee 8, Wysconsin

Did anyone watch Channel 4 at 9:30 last Wednesday. The % ? # "Sound of Your Voice" certainly gave the public a poor impression of what ham radio is. Maybe some one should set them straight;; \* \* \* \* \* \*

Did you see that dandy editorial in February Radio & Television News? A pretty good reminder, hmm?;

That grounded grid final in Jan QST using two 807's will certainly be a popular circuit. Heard of about ten who are going ahead and building it. It takes a lot of drive but your drive is added to your output. Gess it's the latest. \* \* \* \* \* \*

January Board meeting highlight: It is tentatively planned to have a luncheon at our next installation of Officers next May. \* \* \* \* \* \*

Also brought up was the idea of going bowling, either after the meeting or some other nite. Any ideas, suggestions, let's hear from you!

Pres. Felber W9RH announced at our last meeting that we have been promised the use of the CD Mobile Truck and Generator for the MRAC Field Day In June.

Your Program Chairman Ken Eggert W9MOT and Technical Chairman Al Belanger W9MDG would be most interested to hear from you on specific programs you would like to have.

L. J. ("IRV") TRYING, W9GQO, FILL PRESENT A TALK TO THE HEMBERS

ENTITLED: "ODDS & ENDS OF RADIO"

"Irv", one of our new life members, has had a great deal of radio experience, having been associated with WISN as a broadcast engineer, The Milwaukee School of Engineering as an instructor, and as a Ham's Lam with Radio Parts Co as well as other fields of interest.

The evening should provide you with a great deal of contentainment and enlightenment as Irv's past presentations have always rated with the best - hope to see you there,

Refreshments following the meeting.

Thanks are in order from Bob Turner and myself as well as the other officers for the surprisingly good turnout last meeting for Bob's talk. It proved to be a very good one and showed what can be done with a lot of time, patience, and almost no money to keep up with the latest - SSB.

To the fellows that did attend, I can only say you must live by the post office actto taking as example WORH and not letting show, sleet, esc, usep you from getting thru.

Coming events still include the talk about oscilliscopes - possibly next week - watch for a notice.

A meeting of the MRAC DX hounds was held in the basement of W9FDX on Feb. 10. Ten DXer's were present and six were unable to make it. The problem of gathering news for the DX report was discussed and we now have a printed form which you as a member can fill in and report ur DX. Deadline for next report is March 25. It was also decided that this group would meet on an informal basis about every six weeks. As a club member, the requirement to be a part of this group is only to have an interest in DXCC.

At one of our recent meetings, Bob Turner W9GKT gave an excellent talk on his SSB rig. Of simple construction (as SSB goes) and economical in cost. Your Secretary has a schematic and full details and will try to have it printed up for the next Newsletter.

\* \* \* \* \* \* \* \* \*

DX: Chairman Doug Pavek W9FDX reports that 10. 15, and 20 are wide open....so get your rig fired up and work some of that DX. As you have read in the newspapers, the sunspots and the most numerous and largest they've observed on record. By the way, the late CQ magazine has an excellent spread on the Sunspots and their effects on propagation. (of radio waves that 15)

In compiling a statistical report for ARRL, it is unfortunate to note many of our members who are not ARRL members. You know fellows, ARRL is doing an admirable job as our ONLY spokesman before the FCC. It certainly is a necessity that us hams have a national organization...which is our ARRL...AND BELONG TO IT. The majority of the MRAC belongs.

Our congratulations go out to Mary Meyer W9RUJ, Fred Zolin W90NY, Bob Harkness W9GZR, Joseph Thompson W9GER and Fr. John Kapellan W9RZV for their fine performance in symbolizing the spirit and brotherhood of amateur radio.

At this writing, I have not received plans for this month's activities of the Emergency Corps. It was announced at the last CD meeting that there would be a Simulated Emergency Test for March 14. I may be mistaken on the date. For further information, contact Ralph Koenig W9RUF. Or better yet, attend the CD meeting (Police Station, 47th & Vliet, 7:30 P.M. First Tuesday of month).

Your Secretary would appreciate receiving your QSL card for a proposed display. These cards would be mounted on posters and displayed when the MRAC puts on an exhibit. You may mark your card "Radio MRAC" or for "Display purposes only"

Ken Eggert, W9HOT Program Chairman

Remember our secretary has asked for GDL cards from each of the club Rembers to help make up a display board. Let's see that Verne jets one from each of us.

A late note informed us that we can expect a program from Collins Radio and also one from the air Mational Guard.

FLASH 111 Fred W9DYG has 100 countries confirmed and has submitted them to ARRL for a DXCC Certificate. He is only the 5th ham from Milwaukee to make the 1001 Congrats Fred!

W9UDK is sporting a new NC 300 rec'vr so George should up his DX total now.

W9VOD is at 96 confirmed.

W9KQD worked VK2AHX - PAØXD - ZL3KD - KL7BVE - HK5BZ: Now that he has a taste of DX a 10-20 beam will be his next addition. Don runs 150 watts to a dipole at present.

W9BTM worked CT3AB 2-19 21.060 589 1530 before he and W9GWS moved out about 35 miles north of Milwaukee.

WN9CAN - W9GIL's young'un worked a DLL, on 15M.

WN9YZG has been working plenty of DX on the novice band on 15 M.

A meeting of MRAC members who are interested in DXCC was held in W9GIL's shack on March 30. Fifteen attended. DX condx, QSL problems, antenna installations and operating ethics were discussed. XYL of W9GIL had a special cake decorated with "W9DYG #100." We will be meeting about once every six weeks, next place is at W9RKP's. Any club member interested in DXCC, let me know and we would be glad to have you in the Group.

- 20 METERS has been staying open until 2 a.m. with strong sigs from Europe, Africa and Oceania.
- 15 METERS is a good band for the low-power boys, we have a number of fellows who are working DK on this band. On Sun. morn. 0732 at 21.221, I hrd Hong Kong, VS6AE abt 5-6.
- 10 METERS runs real hot and very cold. When it's in the DX it is great.

  We probably cannot expect too much until next September except for Latin America and a few ZL's.

The following page will give you an idea what our gang has been working and maybe some of the stuff that u are missing.

The new DEADLINE for DX reports is the 25th of each month.

"IF YOU'VE BEEN HERE BEFORE, YOU KNOW WHAT TO EXPECTI!"

- W9RKP, Russ worked UC2KAB on 3-19 for 12 minutes and Michael said, "Pse do not QSL for this FB QSO."
- W9DYG, was awarded DXCC certificate #2379 by Lew McCoy of ARRL Hq staff at the Club meeting on April 26.
- W9RUJ, Mary has contributed some material for the worked column this month.

  MPhKAC is a good one.
- W6ITH-FS7RT, REG is rumored to be putting "ZC2" on the air. Watch all bands and holler if you hear him.
- UAlBJ, has been working W's and says QSL RSGB. I sent my card to G2MI and will let u know if anything results.
- KChUSV, on 11.060 has been coming in wid gud sig strength from 2200 to 0600, all nite long. Be prepared to take tfc from them, it's their only way to get letters home.
- VE7ASL/VR3, is a new one on ten fone. They are setting up a radar station and will be on for abt 2 yrs.

WORBI, rec'v'd his card from FB8BR/FB.

Deadline for the next DX reports is the 25th of May and give me ur worked-QSL'ed total for the June issue. If I don't get a revised total then the DEG. listing will be used. I am very happy to say that more than enough reports were submitted this month so some of ur material may not be in print this time. Keep it rolling in.
